

# ANNA4CHILDREN

**Here they are... !!!**

THE FIRST GIRLS ARRIVED TO PERMANENTLY LIVE IN THE HOUSE THAT WE ALL PREPARED TOGETHER!

WE MADE IT!

The obstacles have been overcome.

Everything fell into place, and a wonderful sense of accomplishment and deep meanings is filling the void of uncertainty, the fear of not succeeding, to disappoint our donors and the "tremendissima" two year old Anna. From a photo at the entrance she now looks at these children come and go, play, go to school in the morning and return in the afternoon knowing that they have a place where someone is waiting ... and it's a magnificent feeling!

**5 x 1000**

Even for 2016 (law no. 183 of 12 November 2011) Italian taxpayers can allocate a share of 5 per thousand IRPEF to non-profit associations like "Anna4Children" officially registered

To do so, please sign your Italian tax return in the "support of non-profit social organizations" under the signature indicating the tax code

97584960153

**We would like to remind you that the Italian tax return deadline is approaching. With your minimal effort and just a signature on the 5x1000 box in favor of Anna4children can help a lot.**

## No going back ...

Abinaya, Diviya, Hemalatha, Karthika, Muthulakshmi were the first to arrive, then another four the other day. More girls in the following months will join them until the Salesians have cases of abandoned children and as long as the size of the structure permits. Giulio in April most likely will travel to India to meet the children and to thank the Salesian Fathers. Pierluigi and Valeria plan to visit them in May. We'll tell you their stories, we will send photos and videos. We will learn to know them and we will tell them of all those far away friends who have helped them.

Sister Lilly (with pink sari) is taking care of them. The ladies at her side are helping her cook and clean. The two gentlemen will take care of maintenance, security and to drive the car (the village is more than an hour from Salem, the closest city).

We bought a car (blessed by the Salesians) for the grocery runs and emergencies.

We will soon resume events, dinners and other fund raising ideas to be able to relive the atmosphere of solidarity that allowed us to get here and to go further ..

Thank you so much for everything you've already done and still want to do.
